Singapore, July 7, 2015 – KSH Holdings Limited (“**KSH**” or the “**Group**”) (“**金成兴控股有限公司**”), a well-established construction, property development and property management group, announced today that it has won a S\$34.8 million design and build tender for the construction of a Steel Structure, Electrical Intake Station and Ancillary works in Singapore. Works are expected to commence in July 2015 and targeted to complete within 16 months.

Mr. Choo Chee Onn (“**朱峙安**”), Executive Chairman and Managing Director of KSH, said: “We are pleased to have secured this contract that will replenish our construction order book that has remained strong at S\$400.0 million. Leveraging on our strong construction track record, healthy balance sheet and cost competitiveness, we intend to continue riding on the stronger public construction outlook this year, actively tendering for more projects that will contribute positively to the Group’s performance.”

The contract will boost KSH’s order book to S\$400.0 million, and is expected to contribute positively to the Group’s performance from the financial year ending March 31, 2016.

This will mark KSH's third public project win in 2015 – it had in February won a S\$78.3 million contract to build a 11-storey Singapore Chinese Cultural Centre at Shenton Way and a S\$33.2 million project in April from repeat customer, the National University of Singapore, to construct a 3-storey sports centre.
